Mrs. Ida Tarbell,

St. Charles Hotel,

City.

Dear Mrs. Tarbell:-

I am enclosing you a list of groceries bought from one of our leading competitors which you will notice that the difference in price is not very great, but in percentage I find that we are 12% cheaper. Of course our competitors price, in comparison to the ordinary grocers, is exceedingly cheap and I believe, in my statement to you this morning, that we are 21% cheaper, is about correct.

I am sending you under separate cover some of our Louisiana Pecans and hope that they will speak for themselves, as we are proud of our product.

Hoping to have another visit from you in the near future, I remain

Respectfully yours,

Albert M. Fleming
