Miss Ida M. Tarbell
120 East 19th Street
New York, New York

Dear Miss Tarbell:

As part of an English course at the University of Pittsburgh I am writing an investigative theme on "Photographs of Lincoln". Would you kindly tell me which four photographs of Lincoln you favor from among the many that are available? I would greatly appreciate this and any other information that you may offer on this subject.

Yours truly,

J. William Stahl
