Chicago Historical Society
Chicago, Illinois

Dear Sirs:

I am wondering if you have in your files a copy of the original photograph of Abraham Lincoln - 1854 - presented by George Schneider. If so, I should be glad to have a copy as well as any information that the Society has about the circumstances under which the picture was made.

Also have you a record of the ambrotype or daguerreotype made at the same time.

Any information in regard to the above matter that you can send me will be greatly appreciated.

Yours very truly
