Miss Ida M. Tarbell,

Dear Miss Tarbell:

We are greatly obliged to you for the reply which you so kindly sent to our query regarding the alleged Lincoln quotation. I am enclosing herewith clipping of the editorial article which we published today. May I add that I have followed your work carefully since the time I became familiar with it as a reader of McClure's which must have been about 40 years ago and have continued to watch it in the meanwhile.

Again thanking you,

Yours truly,

A.B. Watt,
