OFFICE OF THE
UNIVERSITY EDITOR

My dear Miss Tarbell,

Chancellor Bowman has told me briefly of your visit to the Cathedral of Learning. I am taking the liberty -- not at his suggestion -- of presenting you with a couple of pamphlets having to do with our high building. One is written by Dr. Bowman himself. I am sure you cannot escape the simple beauty of his writing.

Incidentally, Miss Tarbell, I have learned something of the nature of the work you are doing in Pittsburgh; and I am prompted to suggest that you might be interested in talking with Dr. John W. Oliver, head of the history department in the University. Dr. Oliver has prepared a paper on Pittsburgh's Early Industries; and he has made a long and productive study of history as it is motivated by technology rather than by wars, social changes, and so forth. I should be glad to ask Dr. Oliver to see you if you think he could help you in your research.

I too live at the Hotel Schenley. At any in-between-times you might care to call upon me for further information, or if I can do anything for you, I should be very happy to have the opportunity of trying to be of service to you.

Sincerely,
Wm Morrell
