Dear Miss Tarbell;

We had already approved the book Roger B. Taney by Carl Swisher by Macmillan and have ordered it.

Mr. Giddens has returned from Washington and Baltimore where he was an onlooker in the Supreme Court building and a speaker in Baltimore.

The Lincoln list has no doubt reached you before this and if there are any items that you think very important you could reserve them by phone and we will pay for them from our funds here.

Thank you for the good wishes. This is a busy time for us but we are still going along. I hope you do not overwork.

Sincerely yours,

Edith Rowley
