Miss S. M. Turbell,

Dear Friend:

Yours of the 18<sup>th</sup>  
has been received. I have thrown  
off the letter asked - You must not  
expect me to deal must in anecdote,  
possibly they will come up to memory  
as we pass along - but the few facts  
of unwritten history will be all I will  
attempt to give, for Mr Lincoln  
Colonization events are as yet  
unwritten, though they appear unimportant  
in themselves, they were the steps by  
which we reached the platform of  
final emancipation.

Yours respectfully  
J. M. Rosell
