My dear Miss Tarbell:

I am enclosing a transcript of the stenographic notes of that portion of your Danbury address which we did not carry on the following evening. I would appreciate it very much if you would go over this and make such excisions, corrections and additions as you wish, and return the corrected copy to me in season so that I can have it set up in advance of the meeting. If agreeable I shall forward proofs in advance to the Hartford Times, the Waterbury Democrat, the New Haven Union, the Springfield Republican and The Boston Globe and Post. In order to accomplish we should have the corrected copy in our hands by Thursday morning.

Sincerely,

James L. McGovern  
Managing Editor.
