Mr. H. N. Dowse,  
Dennison Manufacturing Co.,  
Framingham, Mass.

My dear Mr. Dowse:

I think you have chosen wisely. "Brunswick Days" is a good title.

Yes, I will try to do something more than sign my name when the Master's copy comes to me. I think your suggestion is a good one.

As I am away a great deal of the time, and as I would not like to have the book lying around, lest something happen to it, will you not kindly write me before you send it so that I can let you know just when I can receive it. I shall of course return it promptly.

Sincerely yours,
