Dear Miss Tarbell,

This is delightful,

and March 10th

is a perfect date

for us. You must-

come with us and

for as many days

as you possibly

give us. You shall
be as free as if
you were in a
foreign city —
and as welcome
as if you were in
your own home.

Let us know
your name and

hour that we
may meet you
and please say
whether it is to
be the Back Bay
or the South Station.

It is absurd to
say this to you but
our friends do often

Do not say which,
or they check their
trunks to the
one and slight-
at the other!

Looking forward
to your coming
and with warmest
regards from my
husband

Sincerely yours
Alice H. James
