Dear Miss Kautell:

Thank you so much, on Josephine's
behalf for the lovely spoon, and on
my own for your kind note. Both
are much appreciated, I can assure
you. She knows the spoon is
bright and shining, and loves to
take hold of it, though still far
from putting it to use.

Mother said she had such a
delightful time with you - I only
wish I might have been there.
Excuse and I would be so
pleased and honored if you ever

had the time or opportunity to visit
us here. It really is a nice place,
and we are very happy here.

At any rate, I hope I may
see you in New York. I often think
of our visit in Van Hornesville.

With many many thanks for
Josephine's spin, and love from all
of us -

Josephine Young Case
